

Master Sensor PT-100

PT 100 RTD Master Sensor

GENERAL

Pt 100 is a 4 wire RTD which is available in 3/6/8 mm dia having an accuracy of Class B, A, 1/3 DIN, 1/5 DIN and 1/10 DIN.

FEATURES

- ✓ High accuracy and stabilization
- ✓ Cost Effective solution
- ✓ Manufactured and tested under strict quality control standards

SPECIFICATIONS

Temp Range : upto 250°C

Accuracy : Class 1/3 DIN

Element : PT-100

Element Dia/Insert Dia : 6 mm

Length : 120 MM

End Connection : Flying Leads/Connector

Cable Length : 1000 mm

Calibration : Calibration certificate from NABL Accredited Laboratory shall be provided

Temperature Sensor Technology
